

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

INTRODUCTION

In issuing to the public the latest edition of the Cheboygan City and County Directory, the publishers have every confidence that the work will be appreciated more than ever before, no effort having been spared that experience and painstaking care could contribute to make it complete and reliable. All those features which have commended themselves in directory work in the past have been retained, and new ones have been added, and the work is equal in every respect to the largest metropolitan directories, possessing in addition some features peculiarly adapted to this community. To those who have aided in its successful production, either by their patronage or by furnishing necessary data, our cordial acknowledgements are returned.

The earlier pages are given over to useful miscellaneous information relating to Cheboygan City and County in general, embracing a street and avenue guide, ward boundaries, full details regarding city government, county and township officers, banks, commercial organizations, churches, incorporated companies, libraries, miscellaneous clubs and societies, newspapers, postoffice data, public buildings and halls, public, parochial and private schools, secret and benevolent societies and other information. This is followed by a list of the citizens of Cheboygan, alphabetically arranged, telling their business, location of business and of dwelling, rooming or boarding house, succeeding which are alphabetically arranged directories of Indian River, Mackinaw City, Tower and Wolverine. There is a Classified Business Directory of all persons doing business in the county. This department shows the various manufacturing, mercantile and professional occupations in alphabetical order by towns and constitutes an epitome of the business interests of the county. The final pages are devoted to a list giving name, range, section, number of acres, assessed valuation of same, name of township and postoffice addresses of all farmers in Cheboygan County.

and commercial documents, pamphlets, music, visiting cards, photographs, prospectuses, notices and announcements of various kinds, either printed, engraved or lithographed, 1 cent per each weight of two ounces or fraction of two ounces; merchandise rates made known on application.

Fourth-Class Matter (Domestic Parcel Post)

Fourth-class matter embraces that known as domestic parcel post mail, and includes merchandise, farm and factory products, seeds, cuttings, bulbs, roots, scions, and plants, books (including catalogs), miscellaneous printed matter weighing more than four pounds, and all other mailable matter not embraced in the first, second and third classes.

Extent and usefulness of parcel post—The domestic parcel post offers a convenient, quick and efficient means of transporting mailable parcels to any post office in the United States or its possessions. The service reaches more places than any other transportation agency. It brings producers and consumers into closer contact, thus opening the way to reducing the high cost of living. Special treatment and advantages are accorded to shipments of farm products weighing between 20 and 50 pounds. Low postage rates, based on the service rendered, are provided. The rates to nearby zones are particularly advantageous. Parcels may be insured against loss and may be sent C. O. D.

Rates of Postage—To be fully prepaid—Unsealed—are as follows:

- (a) Parcels weighing 4 ounces or less, except books, seeds, plants, etc., 1 cent for each ounce or fraction thereof, any distance.
- (b) Parcels weighing 8 ounces or less containing books, seeds, cuttings, bulbs, roots, scions, and plants, 1 cent for each 2 ounces or fraction thereof, regardless of distance.
- (c) Parcels weighing more than 8 ounces containing books, seeds, plants, etc., parcels of miscellaneous printed matter weighing more than 4 pounds, and all other parcels of fourth-class matter weighing more than 4 ounces are chargeable, according to distance

1916—R. L. POLK & CO.'S

or zone, a fraction of a pound being considered a full pound:

The local rate applies to parcels mailed under the following conditions:

- (1) At any post office for local delivery at such office;
- (2) At any city letter carrier office, or at any point within its delivery limits, for delivery by carriers from that office;
- (3) At any post office from which a rural route starts for delivery on such route, or when mailed at any point on a rural route for delivery at any other point thereon, or at the office from which the route starts, or for delivery on any other rural route starting from the same office.

Alaska, Hawaiian and Phillipine Islands, etc.—The eighth zone rate of 12 cents for each pound or fraction thereof on all parcels weighing more than four ounces (except books, seeds, cuttings, bulbs, roots, scions, and plants, weighing 8 ounces or less), applies (1) between the United States and the Hawaiian Islands; (2) between the United States and its postal agency at Shanghai, China; (3) between any two points in Alaska and between any point in Alaska and any other point in the United States; (4) between the United States and the Canal Zone; (5) between the United States and the Philippine Islands; (6) to, from or between Guam, Tutuila and Manua and other islands of the Samoan group east of longitude 171° west of Greenwich, and the United States and its other possessions; (7) between the United States and its naval vessels stationed in foreign waters.

Canada, Cuba, Mexico, and Republic of Panama—The rate of 12 cents for each pound or fraction thereof also applies to fourth-class matter, including seeds, cuttings, bulbs, roots, scions and plants (but excepting books and other printed matter on which the rate is 1 cent for each two ounces of fraction thereof in all cases), weighing more than 4 ounces and not exceeding 4 pounds 6 ounces when mailed to Canada, Mexico, Cuba and the Republic of Panama. 35

cels weighing up to 11 pounds may be sent to Mexico and the Republic of Panama as foreign parcel post under the parcel post conventions with those countries.)

The limit of weight of fourth-class matter is 50 pounds for parcels mailed for delivery within the first and second zones, and 20 pounds for all other zones.

Limit of Size—Parcel post matter may not exceed 72 inches in length and girth combined. In measuring a parcel the greatest distance in a straight line between the ends (but not around the parcel), is taken as its length, while the distance around the parcel at its thickest part is taken as its girth. For example, a parcel 35 inches long, 10 inches wide, and 5 inches high measures 65 inches in length and girth combined.

DIRECTORY OF

Indian River, Mackinaw, Tower and Wolverine

INDIAN RIVER

Population 400. Is a popular summer resort in Tuscarora township on the Mackinaw division of the M. C. R. R. 18 miles south of Cheboygan, its county seat. It is situated on the picturesque Inland Route connecting Cheboygan with Petoskey, and during the season is a favorite with the summer colony. It has a Methodist Episcopal Church, two hotels and a number of prosperous stores. The American Express, Western Union and Michigan State Telephone Companies have offices here. Helen B Martin, postmaster.

MACKINAW CITY

Population 900. The farthest-north village of the lower peninsula looks out over the straits of Mackinaw to the beautiful Mackinac Island and the shores of the upper peninsula less than 10 miles away. As the northern terminus of the Mackinaw division of the M C R R and the G R & I Ry, it is the gateway through which the rail traffic to the upper peninsula flows. The trains of the D S S & A Ry reach Mackinaw City on the powerful car ferries Chief Wawatam and Ste Marie the year around. The latter boat was selected by the Russian Government as a model for an ice crusher in their own waters. Water communication is maintained daily during the season with Mackinac Island and the other popular summer resorts in the immediate vicinity. There are many points of historic interest at Mackinaw City. It was here that the first fort and block house was erected and upon that site of the massacre of June 4th, 1763, has been located the Michillimackinac state park of 22 acres. In addition the village boasts of over four miles of cement walks; a boulevard about two miles in length along the shores of the straits; a city hall, fire station and council chamber with the second floor equipped as an opera house with a seating capacity of 500; for fire protection a fire engine, hook and ladder truck and 1,500 feet of hose and a volunteer fire department of 40 members. Methodist Episcopal, Presbyterian and Roman Catholic churches have suitable edifices and a public school of ten grades with 225 pupils is maintained. It is lighted by electricity and has telephone and telegraph communication with all points. The postoffice name is Mackinaw though the incorporated name of the village is Mackinaw City. C O Barrett, postmaster.

WOLVERINE.

Population 1,000. It was incorporated as a village in April, 1903, and is located on the Mackinaw Division of the M. C. R. R. at the forks of the Sturgeon river, a popular trout stream in Nunda township, 28 miles south of Cheboygan, the county seat. Wolverine occupies an advantageous proximity to the timber which supplies the raw material for the manufacturers. Has a planing mill, a flour mill and creamery, giving steady employment to a number of the citizens. Also an electric lighting plant which gives the best service of any small town in the state. The surrounding country has shown an exceptional adaptation to successful fruit growing and the apples produced are of the finest quality, both in size and flavor. A graded school and Congregational, Methodist Episcopal and Roman Catholic churches care for the intellectual and spiritual needs of the community. Wolverine boasts of an excellent cornet band of 16 pieces and has a well equipped fire department. One bank with ample capital serves the financial needs of the village and the surrounding country. A live weekly newspaper, the Wolverine Courier, chronicles the events of this section and is devoted to

LIST OF NAMES

**Any Business—Any Locality
Accurate and Up-to-the-minute**

WE publish over 400 Directories — City, County, State, National and Trade. We furnish real live up-to-date lists of all trades and professions.

¶ As directory publishers we frequently have available for lists the manuscript copy from which directories are being compiled, and thus you may secure information in advance of publication, a service that cannot be had elsewhere.

¶ We have no trade lists—our information is taken from the latest sources, and above all things, is accurate.

Do you realize that a City Directory advertisement is a testimonial to the permanency, the stability, of the advertiser?

That's the sort of concern all of us want to patronize, because we know when they sell us merchandise they are behind it in every way, today, tomorrow, and for the years to come.

"Fly-by-night," "fire-sale" and other temporary or *"get-rich-quick"* concerns rarely appear in the City Directory.

And it is a noteworthy fact that the concerns which advertise one year in the city directory are there again next year. 90% of directory advertising is renewed.

Directory advertising, is profitable. In connection with the classified business headings it is doubly effective.

May we explain how and why it will pay you?

A LAKE TRIP FOR REST AND RECREATION

Use D. & C. Line Steamers for Business and Pleasure Trips

THE refreshing lake breezes, the freedom of the decks and the luxurious comfort of the popular D. & C. Line steamers are waiting for you. Whether you go north to beautiful Mackinac Island, the famous summer resort of the North country, or choose the "Water Way" on your trip from the east or west, you will appreciate the many comforts on our palatial steamers.

Daily service between Detroit and Cleveland, and Detroit and Buffalo. Four trips weekly from Toledo and Detroit to Mackinac Island and way ports. Delightful day trips between Detroit and Cleveland during July and August. Popular week-end excursions every Saturday between Detroit and Buffalo, and Detroit and Cleveland. Special Steamer Cleveland to Mackinac Island direct, two trips weekly, June 25th to Sept. 10th, making no stops enroute except at Detroit every trip. Daily service between Toledo and Put-In-Bay, June 10th to September 10th.

YOUR RAILROAD TICKETS, reading between Detroit and Buffalo or Detroit and Cleveland, are available for transportation on D. & C. steamers either direction.

AN INTERESTING PAMPHLET giving detailed description of various trips will be mailed you on receipt of two cents to pay postage. Address *L. G. Lewis, Genl. Passenger Agent, Detroit, Mich.*

The Association of the American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employees.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

\$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or fake Directory.
