Mr. Charles Delamarter,
East Lansing, Michigan.

Dear Charlie:

Since getting here I have arranged for your board and room and will be looking for you soon. As I said when I saw you the other day your pay will be \$35 a month and your board, room and washing.

When you quit at the College be sure to fix it up with Prof. Burgess so that he will not be sore at me as I expect he will be ~~able~~ able to help me during the coming year and I would not like to have him sore. Maybe you hadn't better tell him that you are coming here at all. Fix it up some way.

You leave Lansing on the Grand Trunk and go to Durand. Change there and go to Pontiac. At Pontiac take the interurban to Orchard Lake. I will meet you at Orchard Lake and bring you out here. Let me know when you are going to get here and when you get to Pontiac call up the Farm (Flanders Farm) and we will meet you at the Orchard Lake Station.

Come as soon as you can get away as I need a man right away. Do you know anything about incubators? I forgot to ask you that when I saw you the other day. There are a few eggs to hatch yet and I thought maybe you could tend to them for me.

Buy a ticket right through to Pontiac and it will save you money.

Drop me a line before you come and come as soon as you can make it.

Yours truly,

H.P. McLean.
