Dear little Tot

I thought I would write you a few lines to let you know I have been through 21 years of trials and tribulations to-morrow. ~~Wed~~ we began husking corn yesterday and it is pretty cold on the north side of the farm. We got our Apples all in the cellar Wed. and Ralph took a load to Lansing Thursday. My Italian came back Monday and Tues he fell out of the ladder and hurt himself so he went home Wed.

We went up to Millville to Church this morning and up to Uncle Fred's to dinner.

I wasn't able to see Harry Dyer but I saw Arnold in Gregory and he said Marsh had fixed up your tuition so if you have paid it they will probably pay it back or apply it on next semester. We have gotten our cider made and Mother has boiled down about 20 Gallons.

GREGORY, MICHIGAN.....192....

Louisa has gotten rid of her lice as they are going to move tomorrow.

I would advise you to put ~~on~~ some clothes this weather if you have any. I don't know whether you will be able to decipher this or not as this pen works part of the time and part of the time it don't. I guess this is all the knowledge I possess so will come to a close. Come and see me when you can.
your Truly
Hed.
